

FACT SHEET

Old Glenn Highway, Outer Springer Loop, and Inner Springer Loop Pavement Preservation

Project No. 0001748/CFHWY00887

Project Scope

The State of Alaska Department of Transportation and Public Facilities (DOT&PF) is proposing to resurface a section of the Old Glenn Highway from Clark-Wolverine Road to the Glenn Highway, Outer Springer Loop west of Inner Springer Loop, and Inner Springer Loop. Project location and vicinity map is located on the back. Proposed work will include:

- Resurfacing the roadways
- Replacement or installation of:
 - Medians, curb ramps, sidewalks, shared-use pathways, and pedestrian facilities (including ADA improvements)
 - Guardrail and guardrail end treatments
 - Signs, roadside hardware, and striping
- Improvements to signals and lighting
- Relocating or adjusting utilities
- Improvements to drainage facilities, including ditches, storm drains, and culverts
- Vegetation clearing, grubbing, and landscaping
- Bridge repairs

The purpose of the proposed project is to improve safety, extend the service life and reduce maintenance costs of the affected roadways.

Current Status

Environmental analysis has begun and is expected to continue into 2024.

Schedule

Preliminary Design – Spring 2024

Final Design – Winter 2025 through Spring 2026

Construction – Summer 2026
